

TEMPEST™

GAS TORCHES AND LANTERNS

FIRE IN MOTION

TEMPEST TORCH™

TEMPEST LANTERN™

Two Wall Mounted Tempest Torches provide contemporary exterior lighting for this residential home.

The Tempest Torch™ and Tempest Lantern™ are dramatic decorative outdoor gas lamps that break the barriers of standard gas torch design. Their patented design features an enchanting spiral flame dancing within tempered glass walls. This natural venturi effect of fire in motion is created without the use of electricity or a fan. Created as an outdoor lighting furnishing for a wide array of exterior settings and applications, the Tempest Torch is designed to create the ultimate in lighting enhancement.

This scenic waterscape features two Deck Post Tempest Lanterns.

This grand home is adorned with Tempest Lanterns throughout its exterior. Pictured here are the garage and entryway, beautifully lit with four Wall Mounted Tempest Lanterns.

Both the Tempest Torch™ and Tempest Lantern™ feature a wide array of applications and display possibilities for outdoor living and entertainment spaces, including decks, patios, pools, gardens, walkways, entryways, restaurants, storefronts and more!

The signature spiraling flame of the Tempest Torch™ and Tempest Lantern™ reaches a height of 17 inches and provides up to 20,000 BTUs. The four-sided, 18-inch tall open-air tempered glass housing is designed to prevent the flame from going out during high winds or rainfall, but includes an automatic gas safety shutoff valve, should the flame ever go out.

The Electronic Ignition 24V model has the miniaturized gas valve built into the post. This model can be wired up to 445 feet from the transformer (See Owners Manual for details).

The manual light model features an easy access control panel with Piezo Igniter for easy lighting and high to low flame control.

PICK THE IGNITION SYSTEM THAT BEST MEETS YOUR NEEDS

ELECTRONIC IGNITION 24V MODEL

The Electronic Ignition model can be used with a light switch, remote control, programmable timer or wired into a SmartHome system. Available in NG and LP.

PIEZO IGNITER MODEL

The manual light model works with a built-in Piezo Igniter and easy access control panel. Available in NG and LP.

This backyard patio features two Deck Post Tempest Torches.

FEATURES YOU'RE GOING TO LOVE

- The Tempest Lantern™ features a durable, high temperature black powder coated frame & cap.
- Available in your choice of natural gas or propane.

Five Deck Post Tempest Torches and two Wall Mounted Tempest Torches set the mood and create the perfect ambiance in this restaurant's outdoor dining area.

Tempest Torch™

Tempest Lantern™

These four Pillar Mounted Tempest Torches elevate this deck into the ultimate outdoor entertainment space.

Minimum Clearances To Combustibles

Floor: 2.5" combustible floor to bottom (base) of torch
Walls: 8" measured from glass surface
Ceiling: 26" measured from the torch top (glass frame) with or without the raincap. (Refer to the Owner's Manual for further details)

Gas Rating

	NG	LP
Btus/Hr High	20,000	20,000
Btus/Hr Low	14,000	17,000

Electronic Ignition 24V Model

Install up to six torches on a single transformer and up to five transformers on one 120 volt 15 amp circuit. This can give you up to 30 torches on a single circuit!

Testing

Applicable portions of ANSI Z21.42a-2004 "Illuminating Appliances", CAN 1-2.15, CSA 4.96 U.S. (3rd Ed) "Outdoor Gas Fireplace", and AGA 8-96, "Requirement for Gas-Fired Decorative Illuminating Appliances for Outdoor Installation."

FOR YOUR SAFETY:

FOR OUTDOOR INSTALLATION ONLY!
 Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.

WARNING:

Improper installation, adjustment, alteration, service or maintenance can cause injury or property damage. Refer to the owner's information manual provided with this appliance. For assistance or additional information consult a qualified installer, service agency or the gas supplier.

This pair of Wall Mounted
Tempest Lanterns adds charm and
inviting warmth to this entryway.
