

INSTALLATION INSTRUCTIONS FOR PLACEMENT OF NORTHERN OAK 27" AND MULTI-SIDED 27" LOG SETS.

THESE LOG PLACEMENT INSTRUCTIONS ARE A SUPPLEMENT TO THE LOG BURNER INSTRUCTIONS. LOG BURNER INSTRUCTIONS MUST BE READ AND FOLLOWED TO THEIR ENTIRETY TO ASSURE SAFE AND PROPER INSTALLATION AND OPERATION. THE LOG BURNER INSTRUCTIONS ARE INCLUDED SEPARATELY INSIDE THE CARTONED LOG BURNER ASSEMBLY. ADDITIONAL COPIES OF BOTH THESE INSTRUCTIONS AND THE LOG BURNER INSTRUCTIONS ARE AVAILABLE AT www.ihp.us.com.

GENERAL INFORMATION

THE FIREPLACE MUST BE OFF AND COLD BEFORE BEGINNING.
READ ALL OF THE STEPS BEFORE STARTING THE INSTALLATION.

| PACKAGING LIST | TOOLS/SUPPLIES NEEDED |
|---------------------------------|---|
| 1 ea. Complete Log Set | Safety Glasses Protective Work Gloves Heat Resistant Gloves |
| 1 ea. Installation Instructions | |

Installation and service must be performed by a qualified installer, service agency or the gas supplier. Any safety screen, guard, or barrier removed for servicing an appliance must be replaced prior to operating the heater. The fireplace screen or guard designed for this unvented appliance must be installed prior to operation.

IMPORTANT: Read the owner's manual carefully and completely before trying to assemble, operate or service this fireplace. Improper use of this fireplace can cause serious injury or death from burns, fire, explosion, electrical shock and carbon monoxide poisoning.

INSTALLER:

Leave instructions with the appliance.

CONSUMER:

Retain instructions for future reference.

This log set shall only be used with burners listed below:

NORTHERN OAK27MN
FVFM27NR
SOMERSET27FMN
VYM27NR

NORTHERN OAK27MP
FVFM27PR
SOMERSET27FMP
VYM27PR

INSTALLATION OF LOGS ON ANY OTHER BURNER IS STRICTLY PROHIBITED.

If your gas log burner is not listed above, please refer to your owners manual or contact IHP Tech Support/Customer Service for further assistance.

This is a complete Log Set and shall not be used otherwise. This log set shall not be used for replacement of single logs.

It is very important to install these logs exactly as instructed. DO NOT MODIFY LOGS.

Failure to position the parts in accordance with these instructions or failure to use only parts specifically approved with this appliance may result in property damage or personal injury.

CAUTION: Burn hazard! Logs will remain hot after use. If you need to reposition any log to maintain the proper layout, use heat resistant gloves or allow logs adequate time to cool before handling.

1. Remove the entire Log Set provided and check for damage. If damaged, STOP!!! Contact dealer or IHP.
2. If you currently have a log set installed: Remove the entire Log Set that is currently installed on your Gas Log Burner and discard entire set.
3. Follow the steps found beginning on the next page for installation of your new complete Log Set.

1. Place center insert log by sitting log on the two weld tabs located on the burner. The rear of the center insert log will rest on burner (see *Figure 1*).

FIGURE 1

2. Place rear log on grate to fit (see *Figure 2*).

FIGURE 2

3. Place front log on grate and maneuver until the two (2) protusions line up with the notches found on rear log (see *Figure 3*).

FIGURE 3

4. Place top right log by matching the two (2) protusions with the notches found in center insert log and front log (see *Figure 4*).

FIGURE 4

5. Place top left log by matching the protusions with the notches found in rear log (see *Figure 5*).

FIGURE 5

6. Make sure open areas of logs line up with burner ports (see *Figure 6*). Logs will fit securely on chassis. **IMPORTANT:** Make sure log does not cover any burner ports.

FIGURE 6

After setting the logs into position as described above, ensure each is properly and firmly seated. The vent-free gas log set will not function as intended if the logs are not correctly positioned. When placed properly, the flames will not strike any portion of the logs. Periodically check the positioning of all logs to ensure proper log placement and stability. If any flame is striking the logs, recheck log placement. Adjust to conform with instructions. There should be no flame impingement on the logs.

LOG INSTALLATION IS NOW COMPLETE
