With over 30 years of knowledge and experience, our employees are:

- Knowledgeable of and trained in all outdoor fire elements.
- Local customer service representatives - never outsourced to another country.
- Always willing to help you plan your outdoor fire design.
- Experienced in not only designing, but also installing outdoor fire arrangements.
- A dedicated team of IT people that ensure your shopping experience is easy and secure.

MUSIC REACTIVE FIRE PIT

We have an exciting new product that will take your fire pit experience to a whole new level! This musical fire pit has a built in stereo that syncs the propane or natural gas fueled fire to the beat of your music. As your favorite tunes play, the flames pulse to the beat! You'll be able to create an amazing new experience for you and your guests to when you gather around your fire pit!

- Powder coated to keep all of the metal components weather resistant.
- Speakers and receiver are all marine grade, ensuring they will last through the inclement weather.
- You can connect to your fire pit's receiver using Bluetooth, an auxiliary line, or through a USB cable. The music you play, and the number of songs you play is totally up to you.
- 8 amp smart charger allows you to enjoy your fire pit in an area that does not need a dedicated electric line, making this a fire pit that is somewhat portable. The 12V battery (not supplied) should stay charged (using the 8 amp smart charger).
